- A Vermont Municipal Planning grant for \$20,000 will be submitted on October 31, 2025 by Diane Judd on behalf of the town and the planning commission. Grant is to hire a consultant to review the structural integrity of the current garage with possible renovation and preliminary designs, associated costs, a landscape design for 3 non-heated equipment storage facilities, and a design for bunker storage for road materials. Jim stated we will know if we are successful for the funding in December.

Other Business - Darrell mentioned a concern regarding people dropping off non-recycling items at the Recycling Center. It has become an issue and the State of Vermont inspector noted it in their recent review of the center. Parker suggested the use of game cameras, real and fake, to help deter this current problem. Jim suggested fencing around the recycling center in the future when it is redeveloped.
